SOUND WALL

Sound Wall brings audio into your home like never before with hidden music, radio, podcasts and audio books all controlled from your bluetooth enabled device. Simply, quickly and safely installed, below your bath, behind your walls, ceiling or cupboard doors. The system is perfect in wet and humid areas, and it delivers fantastic audio without any visible speakers. Sound Wall works by converting vibration energy, through the surface of Multipanel, into pure sound waves.

- Transform "Multipanel Walls" into speakers
- Wake up to your favourite tracks in the shower
- High performance vibration speakers
- Operate directly from your smartphone or other bluetooth enabled device
- Installed in minutes
