Fitted Furniture Buying Guide.

All you need to know about buying the right fitted furniture for your bathroom or en-suite space.

When choosing your fitted furniture, there are a number of factors to consider. To help you make an informed decision, follow our step-by-step guide opposite.

Fitted Furniture Buying Guide

Step 1 Carcass + Panels

Your first step is to select your carcass. Consider your room size – is it for a family bathroom or smaller en-suite? Most fitted furniture runs will consist of a semi-countertop basin unit and back to wall WC unit. Panels hide the carcass at each end.

Step 2 Cistern + Flush Button

If you are installing a back to wall WC unit you will need a cistern as it provides flushing water to the pan. You will also need a flush button or flush plate.

Step 3 Fascia Packs

Our fascia packs are available in three styles – Shaker, Slab or J-Pull. Semi-countertop fascia packs comprise two doors and a top fascia. Back to wall fascia packs mask the carcass and cistern and plinths mask the gap below the carcass.

Step 4 Worktop or Integrated Basin

Choose either a worktop or integrated basin with worktop, available in slim or standard depths. Our worktops are available in a variety of lengths and finishes.

How to Order Your Fitted Furniture

Adding the finishing touches to your fitted furniture creates a unified look and maximises the space available in your bathroom. All units have soft close hinges and basin units feature an adjustable shelf, removable back panel for easy pipe access and a 50mm plumbing void. Floor cupboards have a reversible door for ease of access.

Choose from 3 door styles in a range of contemporary finishes, work out which mix of units works best for your space and then add all the finishing touches. It's easy to plan your new bathroom, simply follow the step-by-step guide below.

1. Door Styles + Finishes

Choose your desired door finish in either 'slab', 'shaker' or 'J-Pull' style.

2. Combination + Depth of Units (Pages 68-72)

Assess the space you have available in your bathroom + work out which units you need. Choose from standard depth (353mm) or space-saving slim depth (218mm) units.

Fitted Furniture Selections

To make things easier to order we have gathered together below some very commonly used configurations of fitted furniture. These cover three furniture widths, a 1000mm, 1200mm or 1500mm run. Each configuration is available with either contemporary slab, classic Shaker-style or J-Pull Doors and with a number of finishes in each style.

Make sure you select the correct left or right hand basin option for your room layout, and pick the configuration which works best for you, in the style and colourway of your choice. Then simply order the single code which includes all the components you need.

***Note:** price does not include Keros Back to Wall WC, Seat, Concealed Cistern and Flush Button. To order separately, see pages 100-101 Malham for WC and Seat, pages 208-233 for Basin Mixer choices, page 133 for Concealed Cistern and page 136 for Flush Button.
