Designer Warmth Features

There are many features in our designer warmth range. Use the icons to help choose the right option for you.

Guarantees

Our selection of Towel Rails and Radiators have either a 30, 15 or 10 year guarantee.

Build Material

Towel Rails and Radiators are made from either Aluminium, Mild Steel or Stainless Steel.

Heating

For connection to central heating systems.

Electric

Electric only system supply.

Dual Fuel

Capable of running from either central heating or electric system.

INSTINCT®

Heated Towel Rail Buying Guide.

All you need to know about buying the right heated towel rail for your bathroom, cloakroom or en-suite space.

When choosing your heated towel rail, there are a number of factors to consider. To help you make an informed decision, follow our step-by-step guide opposite.

Heated Towel Rail Buying Guide

Step 1 Heating Source*

Your first step is to decide if you are going to connect your towel rail to your central heating system, existing mains electric or run off both as a dual fuel option.

Step 2 Location

Consider your room size – is it for a family bathroom, downstairs cloakroom or smaller en-suite? Location will determine the size and heat output of the towel rail required.

Step 3 Heat Output

BTU (British Thermal Unit) output is one of the biggest considerations when deciding your towel rail. The higher the BTU, the higher the heat output will be. Bigger bathrooms need higher BTU rated rails, smaller en-suites lower.

Step 4 Choose a Style

There are many styles of heated towel rails. Select a Contemporary, Traditional or Ladder style to suit your new bathroom or complement your existing space. Choose from floor standing or wall mounted options; where floor space is at a premium.

Step 5 Choose a Finish

Select from a wide variety of colours and finishes. Chrome is a very traditional finish but consider new metallic finishes in Brushed Brass, Gunmetal or colour options in Anthracite, Steel Blue or White Sparkle to name a few. The choice is yours!

Step 6 Choose Accessories

Your final step is to choose a complementary valve or heating element accessory.

So now you know how. Browse through the pages ahead and choose the right option for you.

Step 7 How to Order

All towel rail options are for Hot Water Heating systems only.

If you wish to order a Sealed Electric option please add the supplement code **PHG-EO-SUPP**.

If you wish to order a Dual Fuel option please add the supplement code **PHG-HE-SUPP**.
