Wall Panelling Features

There are many features in our wall panelling range. Use the icons to help choose the right option for you.

Guarantees

The Grant Westfield wall panels have a 30 year guarantee. Fibo wall panels a 25 year guarantee, Perform Panel a 35 year guarantee and Wetwall wall panels have a Lifetime guarantee.

Fully Waterproof

As you would expect, all wall panels are fully waterproof for your peace of mind.

Easy to Clean

Designed and manufactured to present easy cleaning ability to ensure your wall panels last for many years.

Quick to Install

Panels are designed for a quick and easy installation.

Can be installed over Tiles

A secure and cost effective solution for installation.

Grant Westfield Hydrolock®

Almost seamless joint with Hydrolock. See page 337 for details.

Fibo Aqualock

Fibo's unique Aqualock wall system provides a 100% waterproof surface when used in conjunction with profiles and sealant.

Seamless Finish

Creates a smooth, uniform, seamless finish throughout your bathroom. Panels with postformed edges are available for end panels.

No Trims Required

Wetwall Elite panels are made using a unique 100% waterproof core, metal or plastic trims are not required.

Post-Formed

Wetwall Elite panels feature one finished radius edge and one tongue to link to T&G.

T&G

Wetwall Elite T&G panels in 1200 and 600mm widths offer the flexibility for less waste and less cost.

Wall Panelling

About Grant Westfield – The UK's Best Selling Bathroom Wall Panels

Since 1881, Grant Westfield has been dedicated to manufacturing exceptional interior building products in Edinburgh. Throughout the course of over 140 years, successive generations have upheld a shared passion for craftsmanship, high quality, and innovation.

Over 8,000 Grant Westfield wall panels are manufactured each week at the company's factory in Edinburgh, which are distributed throughout the UK and Northern Europe through merchants, bathroom showrooms and leading online retailers.

Our Brands

Multipanel - In 2003, we introduced Multipanel, the UK's leading bathroom wall panel and in over two decades sales have grown to over 1 million square metres per year. From marbles and stones, to the award-winning Tile Collection, Multipanel allows for the creation of intricate and luxurious bathroom interiors.

Naturepanel - Following the rise in demand for slot wall design, Grant Westfield introduced Naturepanel in 2024, providing the same authentic aesthetic as traditional wood panelling, without the maintenance. Suitable in wet areas, award-winning Naturepanel can be used in bathrooms and showers, and due to the unique Hydrolock joint can be installed with sister brand, Multipanel bathroom wall panels to create a stand out interior.

Grant Westfield panels are FSC®-certified. This ensures the timber we use originates from responsibly managed forests and other controlled sources, and our finished products comply with globally recognised ecological, social and economic standards for complete customer assurance on responsible sourcing. We're proud to have obtained an Environmental Product Declaration (EPD) for all our UK collections. The EPD covers environmental impacts from cradle to grave and has been independently verified to help you choose products that support carbon emission reduction.

Hydrolock®

Multipanel panels are available with Hydrolock® tongue and grooved edge for easy click-into-place installation.

Hydrolock Installation

To ensure our panels can be installed to show off their true potential, we created Hydrolock, a unique solution which makes it possible to join panels from our collections (Naturepanel, Tile, Pure, Linda Barker and Contemporary) together to create an almost seamless expanse of waterproof wall. Precisely engineered, our Hydrolock edge creates a discreet watertight joint, without the need for profiles and can even be installed on uneven walls. Hydrolock panels are available in a range of widths for ease of installation – 2400 x 598mm, 2400 x 900mm, 2400 x 1200mm, 2700 x 598mm, 2700 x 1200mm.

The Hydrolock joint reduces the finished face by 20mm i.e. 2400mm x 1200mm becomes 2400 x 1180mm. Straight edge panels are also available.

Scan the QR code and watch a video to learn more about Hydrolock installation and its benefits.

Why Choose Grant Westfield

How to create the XL Offset tile pattern

To create the offset tile appearance simply install an 'A' followed by a 'B' format panel.

Please note these are supplied individually and not in pairs. When planning your bathrooms, please consider the positioning of showers, taps etc, when calculating the quantity of each panel format required.

The Tile + Pure Collections

White Mineral, The Tile + Pure Collection

The Tile + Pure Collections share an inspired range of marble, minerals and colours, to allow you to create elegant combinations for your new bathroom.

The Pure Collection includes on-trend designs and textures for a sleek, elegant look.

Renovate your bathroom with our stylish, neutral earth tones or add a touch of colour to your walls with our pinks and blues. If you're looking to recreate that spa-look instead, check out our mineral décors and bestselling marble effects.

Combine your colour choice with a pattern from our Tile range in either XL Offset, Large, Herringbone or Metro styles.

If you love the appearance of traditional tiles but are tired of living with the maintenance of grout, the Multipanel Tile Collection is what you have been waiting for.

The Tile Collection is the first tile-effect wall panel to be Made in Britain and FSC®-certified. Using the very latest in manufacturing technology, we etch a 2.5mm pale grey grout line into our Tile Collection décors, creating a beautiful tile effect with laser precision. Unlike traditional tiles, these tile effect panels are simple to clean and easy to maintain.

25 Years
on Fibo Wall Panels

About Us

Designed and manufactured in Norway - the home of wood technology and contemporary Scandinavian styling – Fibo is the leading supplier of tile-effect wall panels. Starting out quite modestly in 1952 with a small factory, today we operate a multi-million pound award-winning factory producing panels for over 100,000 bathrooms a year.

Tried and tested in Norway for almost 70 years, Fibo was the first to make the 'click' system for walls. The smooth and strong surface can withstand both direct water spray and large temperature fluctuations. Quick to dry, easy to clean, and simple to install. You are guaranteed a result that will last for many years.

Did you know?

Research has revealed that Fibo's leading waterproof wall panel system has a carbon footprint that is 37% lower than tiles when installed in a typical bathroom. This is in part due to Fibo sourcing their plywood from sustainable PEFC certified sources. So, when you choose Fibo wall panels you can be confident that you're choosing the greener option and reducing your carbon impact. Plus, Fibo wall panel surfaces are all antibacterial so there's no more cleaning mould and worrying about bacteria growing between tiles anymore. Why tile, when you can Fibo?

About Perform Panel – Today's alternative to tiles

With easy installation, no grouting and a unique high-performance fitting system, Perform Panel is the beautiful, efficient, modern alternative to tiles. Available in a large selection of stylish designs across our core ranges. Perform Panel works with any interior scheme. Made in the UK by a family firm trusted by the building industry for 160 years.

Nu-Lock Joint

Nu-Lock

Manufactured using 7-ply birch plywood, with a "click" tongue and groove finish as standard, creating a seamless joint and look to each panel.

Perform Panel Trims

Seal and finish wall panel edges and joints with a range of trims, available in a variety of finishes including satin anodised aluminium, white, chrome, black, brushed black, and brushed brass.
